Soul Therapy School was conceived while living in the jungle 23 years ago. Today, Soul Therapy International has emerged as one of the top leading Institutes worldwide for Soul Therapy, a place where women can come and learn the art, the method and discipline of becoming a Soul Therapist and take courses based on personal and professional empowerment. We offer Spiritual Empowerment Retreats around the world, in Bali, Peru, Mexico and Guatemala.

In these training webinars I will speak of and share with you what Soul Therapy is and how you can become a Soul Therapist in the 21st Century. I predict that in the next 18 months, the amount of need in the world for this service will be as in demand as going to see a clinical therapist, yet the prescription will not be to medicate or return to deep wounds, but to liberate, inspire, empower in a courageous and deliberate systemized methodology, with Soul Therapy.
Our 9 Month Curriculum covers 7 live VIP Mastermind days in Toronto and for global students via livestream that is recorded visually for replay and uploaded into our archived files along with MP3 downloads of the entire day. Our annual Soul Therapy Summit takes place in Riviera Maya, Mexico February 16-23.
